Avinashilingam University ..ADU as we students love addressing it, my alma mater played a very crucial role in enabling me develop my inter personal and technical knowledge...My professors were my pillars who have encouraged me at every step, enabling me to face the competitive world at large.

I feel immensely proud to have graduated from this esteem institute.

**MeeraJayaram,  
Software Engineer,  
Fidelity Investments,  
Bangalore.**

Hi am Meerajayaram the former student of this university. I did my B.E in Information Technology back when it was known as Avinashilingam Deemed university in the year 2004-2008.

I got selected through campus selection in i-flex solutions later taken over by Oracle and was renamed to Oracle financial services software. After 4 years of working, I rejoined Avinashilingam University and completed my Masters in Computer Science Engineering in the batch 2012-2014.

Now am working as Software Engineer in Fidelity Investments for Two and half years. Am happy and proud to be a part of this university that helped me shape my education and career.
