The points discussed are

I. Shifting from school concepts to Faculty concepts
 II. changes to be incorporated in 2017-18 release and
 curriculum: (Ratification)

(i) ITBELC03 Digital Electronics, ITBELC04 Analog Communication
 ITBELC13 Digital Communication Systems has changed.

(ii) The following subjects are remained as,
 ITBELC07 C++ and Data Structures as Data Structures
 using C++

ITBELC02/ Electronics I as ITBELC02 Electron Devices

ITBELC04 Electronics Laboratory I as Electron Devices and
 Networks Laboratory

C08 Electronics II as Electronic Circuits

C11 Electronics Laboratory II as Electronic Circuits Laboratory

C12 Analog Integrated Circuits as Integrated Circuits

C16 Electronics Laboratory III as Integrated Circuits
 Laboratory

(iii) ~~The~~ subject ITBELC20 VLSI Design is shifted
 to seventh semester from sixth sem as
 ITBELC25 VLSI Design

(iv) ITBELC25 Microwave and Fiber Optics is shifted
 to sixth semester from seventh sem as ITBELC20
 Microwave and Fiber Optics

(v) Course Outcomes for all the subjects are revised

(vi) Professional Elective (PEI)

ITBELE08 Wearable Systems to be removed as
 Wearable Electronics

(vii) ITBELI22 Multimedia Compression and Networks
 to be separated as two subjects
