

Dr. V. THIYAGARAJAN, Professor of English, Annam
Amman Institute of Technology, Sathiyamangalam.
Semester I : Technical English

1. Under Unit II - content words and structure words may be incorporated as we discuss word and sentence stress in Unit IV.
2. In Unit V, in the sentence summarizing briefly and concisely, the words briefly and concisely are redundant and instead the word concisely may be replaced with objectively.

Semester II : Business Communication &
Presentation Skills

3. Under Unit II, the term Introspection may be replaced with self-evaluation. Further, the term non-verbal communication may be incorporated.
4. Under Unit VI, word formation may be replaced with etymology as the students study the same in Semester I under Unit II. Since the title of the paper is Business Communication & Presentation Skills, the term technical jargon may be replaced with business vocabulary. Further, the term slang may be added.

AICTE Model Curriculum for 3 year B.A.
degree course in Engg. & Tech: English during
Semester - II (Remarks).

1. Out of six units, three units focus on writing skill; two units on Grammar & Vocabulary and the last unit of oral communication, which is a lab component.

Certificate and it is worth incorporating
in the curriculum either during the third or
fourth semester.
