REPORT OF THE BRAINSTORMING SESSION

DATE 31.8.17

VENUE: SEMINAR HALL, FACULTY OF ENGINEERING

TOPIC: WOMEN'S SAFETY: ISSUES, CHALLENGES, SOLUTIONS

A Brainstorming session was conducted by the Literary Society of Faculty of Engineering on the topic "Women's Safety: Issues, Challenges, Solutions" on 31.8.17 at 3.00 p.m. in the Seminar Hall of the faculty of Engineering.

Students from I BE (all branches) II and III year B E. Information Technology, Biomedical Instrumentation Engineering and Computer Science Engineering participated actively in the session.

Audience listening to students' views

Priyanka (III BE IT) sharing her pearls of wisdom

Students spoke of personal experiences of harassment and how to combat them. The I B E students Rajeshware and Ragunasri shared their thoughts on how women should demand, command and get respect. The male dominated mindset is difficult to break. But the beginning should be made at home. Every mother should treat her sons and daughters equally.

Students should be proactive for any personal, physical attacks. All youngsters should learn some martial arts/self defence techniques like karate, Judo, etc.

- **Be alert**
- **Be brave, bold and courageous**
- **Shout for help**
- **Be in a group**
- **Counter attack using your nails and heels**

The session was very interactive and participatory. Total number of beneficiaries was 250 students.
